SOPHO CHKHIKVADZE

Sopho Chkhikvadze was born in Tbilisi, Georgia and studied art at the Nikoladze Art College. She later completed her masters degree at the Tbilisi State Academy of Art and has exhibited every year since 2000 in the principal galleries of Georgia- including the National Gallery of Georgia.

In 2004 she exhibited at the Contemporary Art Museum of Moscow, who afterwards retained five paintings for their permanent collection.

Sopho's unique style has both beauty and naiveté; elements of comedy are heightened by distortion, the fuzzy-felt colours are underpinned by nostalgia. The scenes often read like children's book illustrations or dreamy caricatures, provoking a sense of emotional de-ja-vu.
